# WİNDOWS İŞLETİM SİSTEMİ GEDİK ÜNİVERSİTESİ EDUROAM KABLOSUZ BAĞLANTI AYARLARI
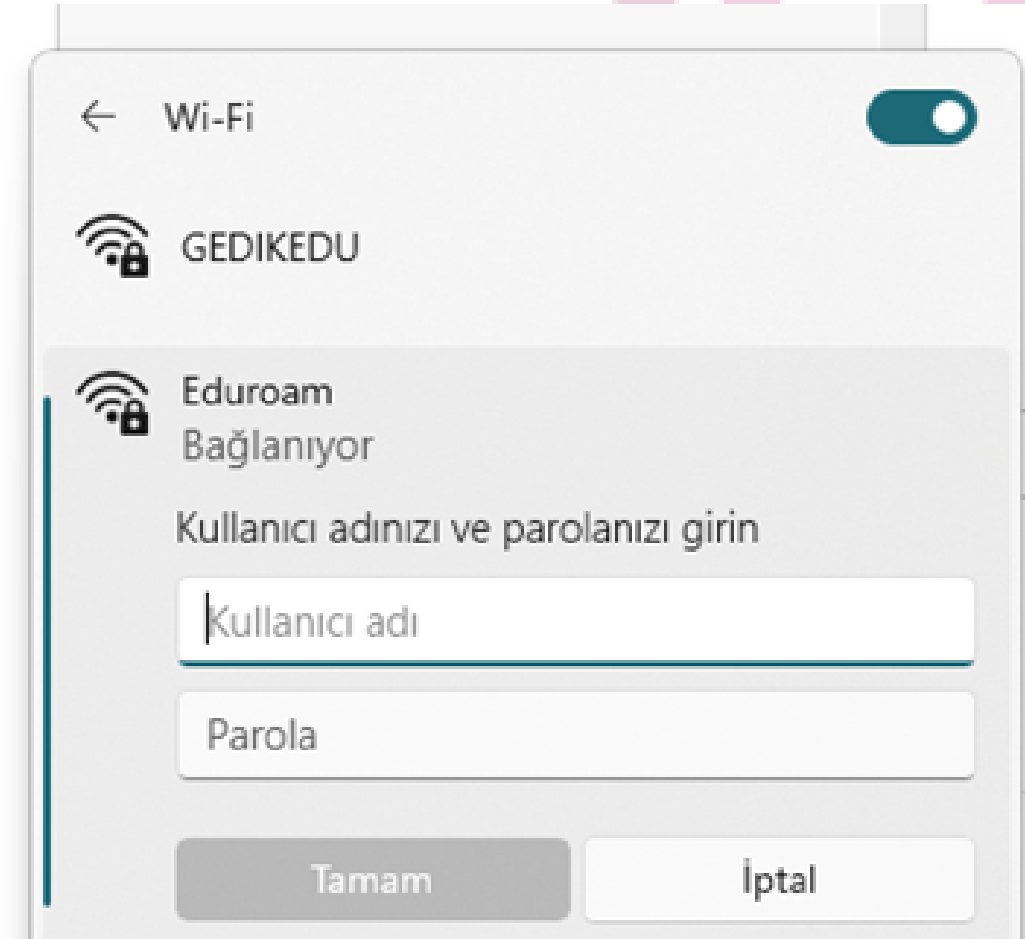

1.Open the Wi-Fi network search screen on your computer and click on the Eduroam broadcast.

2.Click on the connect option on the screen that opens.

3.Enter your corporate email address as your username in the field that opens. Enter the password for your email address as your password.

Once your username and password have been verified, your connection will be established.

Note: In accordance with security policies, email passwords must be changed every 180 days. After changing your email password, you will need to reconfigure your Eduroam connection settings.
